- Pure Dolby Digital sound on your TV
- Enjoy surround sound on your home theater with optical port

- Transfer your media in minutes via WiFi or USB
- Manage your files when connected to the network
- Share your media via LaCinema Mini HD's media server

Movies, Music and Photos on your HDTV. Now in Mini.

- Watch, store, and enjoy your media in HD
- Stream all your media with WiFi, no matter where it is in your house
- Keep your files organized with the automatic file sorter
- Mini size, maximum design

Bridging PC and HDTV

Play your movie library on your HDTV in two easy steps: connect the LaCinema Mini HD to your computer to easily store your movies, then connect it to your TV for instant playback. No configuration is required. You'll save time and avoid having to burn CDs/DVDs to hold all of your media. You'll also be able to store and enjoy your MKV, DivX, and many more file types on any TV.

Made for HDTV

Improve the look of your movies and photos on your HDTV with full HD 1080p playback and upscaling. With no compromise on quality, the LaCinema Mini HD goes one step further by adding stunning 1080p playback through HDMI 1.3. This multimedia hard disk supports a wide variety of video, photo, and music formats. An easy-to-use on-screen menu and remote control have been designed to improve your experience.

Sophisticated, Functional Design

Amazingly small for its capabilities, the LaCinema Mini HD WiFi media center brings a world of entertainment to the palm of your hand. Designed by Neil Poulton, it adds a fashionable style to your home cinema setup.

Media Player and Server Hard Disk

Its DLNA® and UPnP™ capabilities ensure that the LaCinema Mini HD works in tandem with your home network, connecting easily to your PC or NAS, so it's easy to populate with your media. After that, it's simple to connect it to your HDTV, making viewing your movies and media in HD easy. Since it also functions as a media server, any multimedia content stored on your LaCinema Mini HD will be shared with DLNA players, TVs, and compatible game consoles (like a Playstation or an Xbox®).

Features

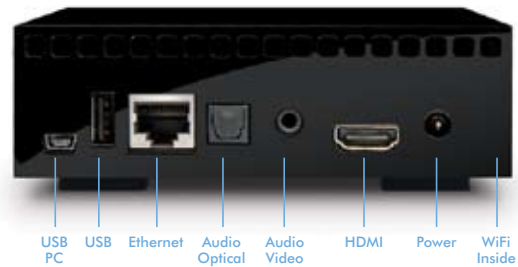

- Plays all your HD movies, music and photos
- Full HD 1080p playback
- Front USB 2.0 host
- UPnP / DLNA compatible player and server
- Silent operation
